

CLINIC WEBSITE

PROJECT NAME =CLINIC WEBSITE

LANGUAGE USED = PYTHON

TOOLS IN USE = DJANGO FRAMEWORK

MEMBERS=HIMANSHU, ANKIT, SOURABH, SURAJ

OBJECTIVE-

As it is clear from the name of the Project that the objective of our project is to book online appointment of the patients that are coming to the clinic and maintain the record of the previous as well as the new patients in the database.

- Provide ease to patients for booking online appointments
- Helps to maintain patients database

Scope-

It is the aim of our website to provide the ease to the customers that is patients as well as to the clinic by keeping database of patient's safe and booking online appointments for the proper and smooth functioning of the clinic as well as making patients satisfy by our service.

13   <p>
14     Lorem Ipsum is simply dummy text of the printing and typesetting industry.
15     Lorem Ipsum has been the industry's standard dummy text ever since the
16     1500s, when an unknown printer took a galley of type and scrambled it to
17     make a type specimen book. It has survived not only five centuries, but also
18     the leap into electronic typesetting, remaining essentially unchanged. It
19     was popularised in the 1960s with the release of Letraset sheets containing
20     Lorem Ipsum passages, and more recently with desktop publishing software
21     like Aldus PageMaker including versions of Lorem Ipsum.
